SPRINT PROJECT ASSESSMENT

Please assess the work of yourself, your colleagues, the team, and the project by using the following assessment items. We will consider your feedback in assigning the grade for the sprint project. Please try to be as honest and fair as possible in your assessment.

1. TEAM ASSESSMENT

Please answer the following with mindful reflection of the team as a whole.

1. Overall, how effectively did your team work together on this project?

   Poorly   Adequately   Well   Extremely Well

   Extremely Well

2. What percentage of your team participated actively and was fully prepared most of the time?

   All members

3. Give one specific example of something you learned from the team that you probably would not have learned working alone.

   I learned how the process of authentication is completed from my teammates

4. Give one specific example of something the other team members learned from you that they probably would not have learned otherwise.

   Other team members

5. Suggest at least one change the team could make to improve its performance or the project.

   Possibly better availability from myself, as i often slowed up progress with my work schedule.

2. MEMBER ASSESSMENT

Please answer the following for yourself and each team member.

Scale:

5 = Excellent work; was crucial component to group's success

4 = Very strong work; contributed significantly to group

3 = Sufficient effort; contributed adequately to group

2 = Insufficient effort; met minimal standards of group

1 = Little or weak effort; was detrimental to group

Assessment of "1" or "0"requires a written explanation.

3. SELF-REFLECTION

Please answer the following with mindful reflection of yourself within the team.

1. What did you learn from the team sprint experience?

   I learned the importance of deadlines, as well as the importance of communication with teammates.

2. What do you think went well?

   I think the communication and flexibility of the team went well

3. What would you have done differently, given the opportunity?

   Managed my time a bit better

4. Do you have any other comments or suggestions about the project?

4. PROJECT ASSESSMENT

Please answer the following questions/points as part of your submission:

1. As a team estimate how many hours did it take you to complete this sprint? (Please keep try to keep track of how many hours you have spent working on each individual part of this sprint as best you can - an estimation is fine; we just want a rough idea.)

    I'd say about 65 hours

2. What online resources you have used? (Program Lectures, YouTube, Stack overflow etc.)

    I used program lectures, Stack Overflow, and youtube

3. Did you need to ask any of your friends in solving the problems. (If yes, please mention name of the friend. They must be amongst your class fellows.)

    I asked my 2 teammates, Garrett and Rodney, for assistance when needed.

4. Did you need to ask questions to any of your instructors? If so, how many questions did you ask (or how many help sessions did you require)?

    I did not ask any questions to my instructors.

5. Rate (subjectively) the difficulty of the sprint from your own perspective, and whether you feel confident that you can solve a similar but different sprint requiring some of the same techniques in the future now that you've completed this one.

    This was a tougher sprint, out of 10, I'd say an 8.
